```
Verse 1:
  F            C      G/B  Am
I ran from the water
      F                C    G/B  Am
And I walked down the road
   F          C        G/B  Am
No sense in escaping
               F        C         G/B  Am
You're loving voice in my head

Chorus:
  F            C        G  F
I know You can hear me
  F                C      G  F
I know that You're there
                 C/E        F  G
My hope will surround me
                 C        G/B  Am  F
For I know that You care

Verse 2:
    F          C         G/B  Am
The silence is haunting
         F          C    G/B  Am
Down the road in my head
   F              C       G/B  Am
My heart has been longing
             F          C    G/B  Am
So won't You find me instead
