```
D
God of creation
F#m          E          D            F#m             E
There at the start, before the beginning of time
D
With no point of reference
F#m          E            D            A/C#                 E
You spoke to the dark and fleshed out the wonder of light
```

Chorus :
```
A
And as You speak
       F#m                        E
A hundred billion galaxies are born
A/C# D
In the vapour of Your breath the planets form
F#m                D                          A
If the stars were made to worship, so will I
   F#m                                    E
I can see Your heart in everything You've made
      A/C#                                 D
Every burning star, a signal fire of grace
F#m             D     A      F#m     E         A/C#
If creation sings Your praises, so will I
```

Verse 2:
```
D
God of Your promise
F#m              E           D           F#m            E
You don't speak in vain, no syllable empty or void
D
For once You have spoken
F#m                E          D             A/C#          E
All nature and science, follow the sound of Your voice
```

Chorus 2 :

Bridge :

```
D                        F#m                   E
If the stars were made to worship, sowill I
D                         F#m                  E
If the mountains bow in reverence, sowill I
D                        F#m                 E
If the oceans roar Your greatness, sowill I
D                      F#m                      E
For if everything exists to lift You high, so will I
D                             F#m                   E
And if the wind goes where You send it, so will I
D                              F#m          E
If the rocks cry out in silence, so will I
D                            F#m                   E
If the sum of all our praises still falls shy
D         F#m          E          D      F#m         E
Then we'll sing again a hundred billion times
D  F#m  E
Whoa
```

Verse :

Chorus :

Outro :

```
    F#m                                   E
Like You would again a hundred billion times
A/C#                                       D
But what measure could amount to Your de - sire
F#m                      D                            A
You're the One who never leaves the one behind
