Might Sound Wild chords by Hillsong

By : Hillsong United
Key : D

Intro :
A5

Verse 1 :
```
A                              A/C#    D   A
Time moves in rhythm with His hand
                           A/C#    D    A
Moment by moment beat by beat
Rolling through death
               A/C#    D    A
both kick and snare
                              A/C#    D   A
No rebel beat out skips His feats
                    GMaj9
And it might sound wild
            D2
But who on earth said
                    A/C#
our song should be tame

Instrumental:
```
A/C#    D    A
A/C#    D    A
```

Verse 2:
```
                              A/C#    D   A
Let now the music chase His heart
                           A/C#    D    A
Mercy by mercy, note by note
We lost the pitch,
              A/C#    D    A
He moved the score
                              A/C#    D   A
Our wayward notes His sweet resolve
                    GMaj9
```

And it might sound wild
    D2
But wild is why my heart sings

Chorus short:
A   G2
Oh, sing His praise till the other side
           D
'Cause our hope came all the way

Instrumental: [.......]

Verse 3:
                        A/C#   D   A
Imagine heaven where we stand
                              A/C#   D   A
Not just some distant promised land
                           A/C#   D   A
More than some hopeful dying dream
                            A/C#   D   A
Watch it wind up just as He said
                        GMaj9
And when it does we'll sing
Like we wished we'd known
                  A/C#   D   A
we should back then
                    GMaj9
And it might sound wild
                  D2
But we don't have to wait till then

Chorus:
A   G2
Oh, sing His praise till the other side
           D
'Cause our hope came all the way
        A
Sing my soul
                           G2
Sing His praise till the end of time
        D   A
All the way and all the louder then
