Thunder - Lirik dan Kunci Gitar

Title Song : Thunder Singer : EXO key : Bm

Capo Fret 2nd

Thunder:

Bm (bar Am shape on 2nd fret)
Em
F# (bar E shape on 2nd fret)
F#7 (bar E7 shape on 2nd fret)

If you use these chord positions you can find and pluck the exact note
s you hear
from the guitar that begins EXO's song.

If barring the chords above is too difficult, you could instead place
a
Capo on the 2nd
fret and play these corresponding chord shapes: Am Dm E E7 (the only d
ifference is
playing Em on the 2nd fret with a Dm shape). Watch for the slight vari
ation of chords
during Sehun and Chaneyeol's rap :D
