Bet You Wanna (Feet. Candi B) - Lirik dan Kunci Gitar Title Song : Bet You Wanna Singer : Blackpink Key : G

```
G
Tell me where you wanna go
 G
I'll meet you with my bags at the door
 G
Ah, I'm gon' make you go blind
 G
Every time I walk, my hips, they don't lie

 G
Take me to your paradise
 G
'Cause I don't wanna wait anymore
 G
Ah, I'll say it one more time
 G
Every time I walk, my hips, they don't lie

 G
You wanna touch, wanna touch, Of course you wanna!
 G
You wanna run with my love, I know you wanna!
 C
From the club to the tub, You said you wanna!
 G
Give me an all night hug, I bet you wanna!

 G
I bet you wanna
I bet you wanna
I bet you, I bet you
I bet you wanna
I bet you wanna
I bet you wanna

 G                                C
Something bout me's taking you higher
                                  G
And you ain't ever gonna come down
(You ain't ever, you ain't ever)
                     C
I'm lighting your fire
                               G

And it ain't ever gonna go out
(It ain't ever, it ain't ever)

G
Take the car keys, drive me crazy
G
Cardi a good catch, but you gotta chase me
G
Grab my waist line, but don't ever waste me
G
Turn on, please me, but don't ever play me
G
One of a kind, you can't replace me
G
Time to shine, I bust down the AP
G
The stakes is higher
G
Let's do what we both desire
G
On God, like I'm in the choir
G
I bet you if you make me sweat, I'll still be on fire

G
You wanna touch, wanna touch, Of course you wanna!
G
You wanna run with my love, I know you wanna!
C
From the club to the tub, You said you wanna!
G
Give me an all night hug, I bet you wanna!

G
I bet you wanna
I bet you wanna
I bet you, I bet you
I bet you wanna
I bet you wanna
I bet you wanna

G C
Something about me's taking you higher
G
And you ain't ever gonna come down
(You ain't ever, you ain't ever)
