Title Song : Permission To Dance Singer : BTS key : E

```
Riff 1

C C  G4 B   G4  B   Am   Am  G   G  F   F  Em  Em  F G

It's the thought of being young

When your heart's just like a drum

Beating louder with no way to guard it

Riff 1
When it all seems like it's wrong

Just sing along to Elton John

And to that feeling, we're just getting started

Am                  Am7
When the nights get colder
          F                         G
And the rhythms got you falling behind

Am                      Am7
Just dream about that moment
           F                           G
When you look yourself right in the eye, eye, eye

Then you say

C         G4/B
I wanna dance
      Am              G
The music's got me going
        F            Em              F G
Ain't nothing that can stop how we move, yeah
C                G4/B
Let's break our plans
     Am                    G
And live just like we're golden
      F           Em            F   G
And roll in like we're dancing fools

Am                Am7
We don't need to worry
            F                           G
'Cause when we fall, we know how to land

Riff 1
Don't need to talk the talk, just walk the walk tonight

'Cause we don't need permission to dance

C             G4/B                Am                G
There's always something that's standing in the way
         F                 Em
But if you don't let it faze ya
          F               G
You'll know just how to break

              C            G4/B
Just keep the right vibe, yeah
          Am                G
'Cause there's no looking back
       F                  Em
There ain't no one to prove
        F                  G
We don't got this on lock, yeah

Am           Am7
The wait is over
         F                         G
The time is now, so let's do it right
Am                Am7
Yeah, we'll keep going
       F                         G
And stay up until we see the sunrise

And we'll say

C         G4/B
I wanna dance
    Am              G
The music's got me going
      F               Em           F     G
Ain't nothing that can stop how we move, yeah
C               G4/B
Let's break our plans
     Am                  G
```

```
And live just like we're golden
     F            Em            F   G
And roll in like we're dancing fools

Am                Am7
We don't need to worry
        F                              G
'Cause when we fall, we know how to land

Riff 1
Don't need to talk the talk, just walk the walk tonight

'Cause we don't need permission to dance

C      G4/B       Am
Da na na na na na na
   G                F
Da na na na na na na
  Em
Da na na na na na na
    F                G          C
No, we don't need permission to dance

C      G4/B      Am
Da na na na na na na (hey)
   G               F
Da na na na na na na
  Em      F         G
Da na na na na na na

Am                   Am7
Well, let me show ya
F                            G
That we can keep the fire alive
Am             Am7
'Cause it's not over
F                                 G
Till it's over, say it one more time

(Say)

I wanna dance

The music's got me going
                                                    G
