

## Thunder - Lirik dan Kunci Gitar

**Title Song : Thunder Singer : EXO key : Bm**

Capo Fret 2nd

Thunder:

Bm (bar Am shape on 2nd fret)  
Em  
F# (bar E shape on 2nd fret)  
F#7 (bar E7 shape on 2nd fret)

If you use these chord positions you can find and pluck the exact notes you hear from the guitar that begins EXO's song.

If barring the chords above is too difficult, you could instead place a Capo on the 2nd fret and play these corresponding chord shapes: Am Dm E E7 (the only difference is playing Em on the 2nd fret with a Dm shape). Watch for the slight variation of chords during Sehun and Chaneyeol's rap :D
