VERSE:

Em7 Am7 A7
The whole world's looking for something
C G
But what we need is someone (need is someone)

Em7 A7
And every road leads back to one name
Am7 C G
When all the searching is done

Em7 A7
'Cause there's no world view, no religion
C G
That can make the blind eye see

Em7 A7
Well let the eyes of a heartbeat open
C G
To the healing that we need

CHORUS:

C G
We need the healer
G
We don't need another hero
D C
We need the healer
C
Deep down every hurting heart knows
D Em
We need the healer

Em C G G G
And only Jesus is the healer (oh the healer)

BREAK:

Em7 A7
More than comfort we need the king
C G
More than gifts, we need the giver

Em7 A7
More than blessings we need Your presence
