[Intro]

G G G G C G G G G C

[Verse 1]

G  
Head down as I punch this clock  
G  
The hours roll, they never stop  
C G  
And I can't ever seem to get ahead  
G  
Always tryin' to do what's right  
G  
Straight and narrow, it's gettin' tight  
C G  
Don't know how much longer I can stand

[Chorus 1]

D  
And I'm wonderin'  
C  
Yeah, I'm wonderin'  
G  
Where's my promised land?

[Outro]

G G G G C G G G G C

[Verse 2]

G  
Out here on this desert road  
G  
It's hot as fire but I've grown cold  
C G  
Circlin' like a plane that never lands  
G  
And even though the questions change  
G  
The answers always stay the same  
C G  
Maybe someday I will understand

D  
Well, I've run this Earth for many years  
C  
If there's one thing I know  
D  
There's nowhere on this side o' Heaven  
C  
Where streets are made o' gold  
D  
I've long laid tell my grand illusions  
Em D  
Lookin' toward the day that I'll be home

[Verse 3]

G  
I won't give up on this race  
G  
Broken but I still have faith  
C G  
That this old life is all part of a plan  
G  
And I can feel it in my soul  
G  
One day, I'll stand before the throne  
C G
