Unending Love

By : Hillsong Worship
Keys : D
Intro :
Bm G D

Verse :

```
            Bm                      G
There's no silver or gold and no treasure untold
           D
That can draw me away from Your heart
         Bm                  G                 D
Neither love of myself or of anyone else will do
```

[Pre-Chorus]

```
A        Bm          G           A         Bm        G
Jesus, nothing compares to this grace that rescued me
 A        Bm         G           A         Bm       G
Saviour, now and forever, Your face is all I seek
```

Chorus :

```
D                A           Bm
Now all I am, I lay at Your feet
                                    G
I'm humbled by the wonder of Your majesty
D                    A          Bm
One thing I know, I find all I need
                                   G         Bm    D
In Your unending love, in Your unending love
```

Verse 2
