Seasons

Verse 1

```
F                 C
Like the frost on a rose
 Am               G
Winter comes for us all
 C/E       F            C
Oh how nature acquaints us
 Am                 G
With the nature of patience
 F               C
Like a seed in the snow
 Am                G
I've been buried to grow
 C/E          F         C
For Your promise is loyal
 Am              G
From seed to sequoia
```

```
F
I know
```

Chorus

```
Am                  F               C
Though the winter is long even richer
 Am          G       F
The harvest it brings
 Am          F                  C
Though my waiting prolongs even greater
 Am          G             F
Your promise for me like a seed
 Am          F      C     Am     G
I believe that my season will come
```

Verse 2

Like the low winter sun
 C/E   F   C
As I gaze I am blinded
 Am   G
In the light of Your brightness
 F   C
Like a fire to the snow
 Am   G
I’m renewed in Your warmth
 C/E   F   C
Melt the ice of this wild soul
 Am   G
Till the barren is beautiful

Pre-Chorus [....]
Chorus [....]

Bridge

C
I can see the promise
 C
I can see the future
 C
You’re the God of seasons
 C
I'm just in the winter
 C
If all I know of harvest
 C
Is that it’s worth my patience
 C
Then if You’re not done working
God I’m not done waiting

Am   G
You can see my promise
 F
Even in the winter
 F
Cause You’re the God of greatness
G   Am
Even in a manger

G
For all I know of seasons

You could have saved us in a second
 G/B       Am    G     F
Instead You sent a child
```

```
Am                 G          F
 And when I finally see my tree
 Am                  F           C     C   C   C
Still I believe there’s a season to come
```

Verse 3

```
F                     C
Like a seed You were sown
 Am                 G
For the sake of us all
 C/E       F            C
From Bethlehem's soil

Grew Calvary's sequoia
```
