Verse 1

```
G             C     G
See Him in Jerusalem
G                 D      G
Walking where the crowds are
G                      C       G
Once these streets had song to him
G                 D    G
Now they cry for murder

G                 Em       D
Such a frail and lonely man
        C       G       D
Holding up the heavy cross
        C       G     D    Em
See him walking in Jerusalem
C              D      G
On the road to save us
```

G C G D

Verse 2

```
G             C        G
See him there upon the hill
G                  D    G
Hear the scorn and laughter
G           C       G
Silent as a lamb He waits
G              D    G
Praying to the Father

G                 Em       D
See the king who made the sun
        C        G       D
And the moon and shining stars
```

```
        C        G        D        Em
Let the soldiers hold and nail him down
C                D    G
So that he could save them

G C G D

Verse 3

G             C        G
See him there upon the cross
G             D       G
Now no longer breathing
G                    C        G
Dust that formed the watching crowds
G                  D   G
Takes the blood of Jesus

G                 Em      D
Feel the Earth is shaking now
        C       G        D
See the veil is split in two
       C     G          D        Em
And he stood before the wrath of God
C                 D        G
Shielding sinners with his blood

Verse 4

G             C    G
See the empty tomb today
G                   D  G
Death could not contain him
G                C      G
Once the servant of the world
G              D      G
Now in vict'ry reigning (Wait 4)

C                Em     D
Lift your voices to the one
       C      G      D
Who is seated on the throne
