By : Lauren Daigle
Key : C

Intro:

Am C G F

Verse 1 :

```
       Am          C                   G
In the darkest hour when I cannot breathe
                     F
Fear is on my chest, the weight of the world on me
Am                           C                        Gsus2
Everything is crashing down, everything I had known
                   F
When I wonder if I'm all alone
```

Chorus :

```
  C           Em/B
I remember, I remember
         Am          G           F
You have always been faithful to me
  C           Em/B
I remember, I remember
     Am          G              F
Even when my own eyes could not see
         C/E           G
You were there, always there
```

Verse 2 :

```
Am                  C                 G
I will lift my eyes even in the pain
                    F
Above all the lies, I know You can make a way
Am                  C                                  G
I have seen giants fall, I have seen mountains move
```

```
                          F
I have seen waters part because of You

Chorus : [ ..... ]
