Verse 1 :

```

For so long I carried the weight of my past

But You came and showed me the way
```

Pre-chorus :

When I was lost soul searching
You were the ground beneath my feet
            F#sus
When I was blind man begging
You were the eyes so I could see
         G#m
When the smoke was rising up
You were the air that I could breath
             E2
You gave me hope, You gave me something to believe
