```
F              G                    Em              F
Standing in your ruins feels a lot like the end

Em               F
Where there was a flame
F            G
The truth is that you're not forgotten
Em                  F
'Cause Grace knows your name
