Intro

Verse 1
              G                  Dsus
How great the chasm that lay between us
             C       Em               D4
How high the mountain    I could not climb
         G                   Dsus
In desperation, I turned to heaven
    G/B        C      Dsus   G
And spoke Your name into the night
                 C                      G
Then through the darkness, Your loving-kindness
     D/F#        Em             Dsus  D
Tore through the shadows of my soul
            G                     Dsus
The work is finished, the end is written
      C          D      G    Gsus
Jesus Christ, my living hope

Verse 2
           G                  Dsus
Who could imagine so great a mercy?
                 C      Em                D
What heart could fathom    such boundless grace?
            G                      Dsus  D
The God of ages stepped down from glory
            C      D        G
To wear my sin and bear my shame
              C                G
The cross has spoken, I am forgiven
             Em                  D
The King of kings calls me His own
          G                   Dsus
Beautiful Savior, I'm Yours forever
       C         D      G
Jesus Christ, my living hope
