The Sins of Family

Singer : Barry Mcguire Key : C

```
[Intro]
C F C F (Capo 1st)
F
She had a bad childhood

when she was very young
                         C
so don't judge her too badly
F
she had a schizophrenic mother

who worked in the gutter

and woulda sold herself
              C
to the devil gladly
Em
what a sad environment
Am
a bud-ridden tenement
               C
and when they couldn't pay the rent

it was 'cause her father was out
        G     G7
getting liquored
        C
oh, the stones been cast
                           G
and blood's thicker than water
        C    F    C      G           C
and the sins of a family fall on the daughter
        C    F    C      G           C
all the sins of a family fall on the daughter

F
at the age of 16 she had been around more
                     C
than any girl over 30
F
and the high I. Q.'s who condemned her
```

```
                                  C
knew she was a product of poor heredity
Em                                 Am
it's a fictitious fact when you fall on your back
C                                                      G
you can backtrack failure with inspection without exception
         C    F  C      G           C
ah the sins of a family fall on the daughter
        C    F    C      G           C
yea the sins of a family fall on the daughter

break- C-G-C

F
ah the devil is open to all of us
                             C
heavens selects a precious few
F
it takes some inside pull to get
                           C
Gabriel make an angel of you
Em                   Am
one can't live a lie then expect to die
C
ah-with a soul in paradise

you know you gotta pay the price

like you oughtta
                      G
blood's thicker than water
        C    F    C      G           C
and the sins of a family fall on the daughter
        C    F      C      G         C
yea the sins of a family fall on the daughter
