```
Revolution Key: B
[Intro]
   C#m
             Ε
We watch, we pray, we're here to seek your face
We know you're close, let your presence fill this place
E B/D#
The world is a desert dry and thirsty; your love is the answer full of
mercy
C#m
         F#
Give us your eyes to see the hurting, bring us back to life
Revival, hearts on fire

Holy Spirit rain down, change us from the inside, singing Oh-a-

Shine your light, bring healing to the blind

You break the chains; let your glory fill the sky
Send revival fire, send revival fire
