[Verse 1]
G          D/F#           Em
I close my eyes and I can see
               C              G
A world that's waiting up for me
       D/F#    C
That I call my own
G            D/F#              Em
 Through the dark, through the door
              C               G
Through where no one's been before
        D/F#      C
But it feels like home

[Pre-Chorus]
D/F#                    Em     D          C
They can say, they can say it all sounds crazy
D/F#                    Em       D       C
They can say, they can say I've lost my mind
D/F#                    Em      D       C
I don't care, I don't care, so call me crazy
D/F#               Em        D     C
We can live in a world that we design

[Chorus]
       G
'Cause every night I lie in bed
    D/F#
The brightest colors fill my head
  Am                              C
A million dreams are keeping me awake
  G
I think of what the world could be
  D/F#
A vision of the one I see
  Am                                 C
A million dreams is all it's gonna take

With things from far away
G            D/F#     Em7
 The special things I compile

On a rainy day
