

Bet You Wanna ( Feet. Candi B) - Lirik dan Kunci Gitar Title Song : Bet You Wanna Singer : Blackpink  
Key : G

G  
Tell me where you wanna go  
G  
I'll meet you with my bags at the door  
G  
Ah, I'm gon' make you go blind  
G  
Every time I walk, my hips, they don't lie

G  
Take me to your paradise  
G  
'Cause I don't wanna wait anymore  
G  
Ah, I'll say it one more time  
G  
Every time I walk, my hips, they don't lie

G  
You wanna touch, wanna touch, Of course you wanna!  
G  
You wanna run with my love, I know you wanna!  
C  
From the club to the tub, You said you wanna!  
G  
Give me an all night hug, I bet you wanna!

G  
I bet you wanna  
I bet you wanna  
I bet you, I bet you  
I bet you wanna  
I bet you wanna  
I bet you wanna

G C  
Something bout me's taking you higher  
G  
And you ain't ever gonna come down  
(You ain't ever, you ain't ever)  
C  
I'm lighting your fire

And it ain't ever gonna go out  
(It ain't ever, it ain't ever)

G  
Take the car keys, drive me crazy  
G  
Cardi a good catch, but you gotta chase me  
G  
Grab my waist line, but don't ever waste me  
G  
Turn on, please me, but don't ever play me  
G  
One of a kind, you can't replace me  
G  
Time to shine, I bust down the AP  
G  
The stakes is higher  
G  
Let's do what we both desire  
G  
On God, like I'm in the choir  
G  
I bet you if you make me sweat, I'll still be on fire

G  
You wanna touch, wanna touch, Of course you wanna!  
G  
You wanna run with my love, I know you wanna!  
C  
From the club to the tub, You said you wanna!  
G  
Give me an all night hug, I bet you wanna!

G  
I bet you wanna  
I bet you wanna  
I bet you, I bet you  
I bet you wanna  
I bet you wanna  
I bet you wanna

G C  
Something about me's taking you higher  
G  
And you ain't ever gonna come down
