[Verse 1]

Em  
You pick me up when I feel down  
C  
No matter how deep in the night  
Am  
I got your back when we go out  
D B7  
You know I'm always on your side  
Em  
You make this world a little wild  
C  
And we shout through crowded streets  
Am  
Turn up the noise and make it loud  
D B7  
And let the world fall at our feet

[Pre-chorus]

Em  
We love it on the other side  
C  
Where the dreams are real, do what we like  
Am  
Let them point and laugh, at who we are  
D  
It was you and me here  
B7  
dancing from the start

[Chorus]

Em  
We don't need money to feel good  
C  
Cause you're the ride or die  
  
the rest of my life  
Am  
Don't need a party to feel high
