INTRO

VERSE 1
E/B            B
I searched the world
    E/B         B
But it couldn’t fill me
             G#m
Man’s empty praise
                   F#
and treasures that fade
           E
Are never enough

VERSE 2
               B
Then You came along
E/B                B
And put me back together
           G#m               F#
And every desire is now satisfied
             E
Here in Your love

CHORUS
            B
Oh there’s nothing better than You
        G#m
There’s nothing better than You
              E
Lord there’s nothing, nothing is better

     B
than You

VERSE 3
```

```
         B
I’m not afraid
   E              B
To show You my weakness
                G#m
My failures and flaws
                       F#
Lord You’ve seen them all
                       E
And You still call me friend

VERSE 4
                        B
‘Cause the God of the mountain
       C#m          B
Is the God of the valley
              G#m
There’s not a place
               F#
Your mercy and grace
              E
Won’t find me again

B                                E  B
  You turn mourning to dancing
                             E  B
You give beauty for ashes
You turn shame into glory

You’re the only one who can. [REPEAT]
