[Verse 1]

E F#m G#m  
 When you said give me a ring, you really meant a ring, huh?  
 C#m D#m  
 Turned out to be more than just a fling, huh?  
 E F#m G#m  
 Three hours to get back from Palm Springs, huh?  
 C#m D#m  
 Who you know spend an hour in Walgreens, huh?  
 E F#m G#m  
 You know you'll always be my favorite prom queen  
 C#m D#m  
 Even when we in dad shoes or mom jeans  
 E F#m G#m  
 Too many complaints made it hard for me to think  
 C#m D#m  
 Would you shut up? I can't hear myself drink  
 E F#m G#m  
 We used to do the freak like seven days a week  
 C#m D#m  
 It's the best collab since Taco Bell and KFC, uh  
 E F#m G#m  
 Talk to me nicely, don't come at me loud  
 C#m D#m  
 You had a Benz at sixteen, I could barely afford a Audi  
 E F#m G#m

How you gon' try to say sometimes it's not about me?

C#m D#m

Man, I don't know what I would do without me

E F#m G#m

Billionaire sport, step up to the court

C#m D#m

They rented a room, we bought the resort

E F#m G#m

God got me, baby, God got the children

C#m D#m

The devil run the playground, but God own the buildin'

E F#m G#m

Time and silence a luxury

C#m D#m

Cussin' at your baby mama, guess that's why they call it custody

E F#m G#m

God got us, baby, God got the children

C#m D#m

The devil run the playground, but God own the buildin'

E F#m G#m

Time and space is a luxury

C#m D#m

But you came here to show that you still in love with me

[Pre-Chorus]

E F#m G#m E  
Startin' to feel like you ain't been happy for me lately, darlin'

E F#m G#m E  
'Member when you used to come around and serenade me, woah

C#m B E A B  
But I guess it's gone different in a different direction lately

C#m B E A  
Tryna do the right thing with the freedom that you gave me

[Bridge]

E F#m G#m A B  
(Wheezy outta here) Your gun off safety

E F#m G#m A  
Speak first, don't break me

C#m B E A B  
Harsh words, you're angry

C#m B E A  
Lord, don't take me, oh, oh

[Chorus]

E F#m G#m
