

## New Again Chords & Lyrics - Kanye West

Title Song : New Again Singer : Kanye West key : F Tuning : standart Capo : No Capo - click F

Intro:

If I hit you with a \ "W-Y-D?\"  
You better not hit me with a \ "H-E-Y\"  
It better be like \ "Hiii\" with a bunch of I's  
Or \ "Heyyy\" with a bunch of Y's  
I, I lived a hundred lives  
uh So that mean I had a hundred wives  
And I am just simply high off life for the hundredth time

Verse 1:

Never let nobody curve me that don't deserve me  
Should I really have bought the Burberry last Thursday?  
Wear a different color jersey every Thursday  
'Posed to meet in Malibu, you postin' pics in Jersey  
Is to lay me or play me a bigger flex though?  
'Cause you know you'd never live up to my ex though  
If we dive, it's the deep end, baby, let's go  
I'll be gone by the weekend, baby, XO
