Title Song : See Me Through It Singer : Brandon Heath key : C Tuning : standart Capo : No Capo - click C

[Intro]
C Am   F C

[Verse 1]
```
C             Am                              F
Things are gettin' real, Jesus, take the wheel
             C
Only way I'm gettin' to the other side
           Am                             F
Days are gettin' dark, life's a little hard
          C
Blinded, but I'm tryin' not to lose sight
```

[Pre-Chorus]
```
        Am                    F
I don't got this, I know You got this
    C
Yeah, yeah, yeah
        Am                   F
And I believe it before I see it
     C
Yeah, yeah, yeah
```

[Chorus]
```
                     C                 Am
I know You're gonna see me through it
                 F           C
If anybody can, You can do it
                               Am
God, I know in the trial and the pain, fire and the rain
             F            C
You're gonna see me through it
                             Am
You're gonna see me through it
               F            C
If anybody can, You can do it
                              Am
And whenever my hope runs away, You save the day
```

```
              F             C
You're gonna see me through it
```

[Verse 2]
```
C         Am                        F
When the sky falls, who am I gonna call?
              C
The one who put it up there in the first place
         Am                          F
Full-scale attack, devil on my back
        C
Better lace 'em up and go put on my gameface
```

[Pre-Chorus]
```
         Am                  F
I don't got this, I know You got this
     C
Yeah, yeah, yeah
         Am                  F
And I believe it before I see it
        C
Yeah, yeah, yeah
```

[Chorus]
```
                        C               Am
I know You're gonna see me through it
                   F          C
If anybody can, You can do it
                                      Am
God, I know in the trial and the pain, fire and the rain
                F          C
You're gonna see me through it
                              Am
You're gonna see me through it
                   F          C
If anybody can, You can do it
                                  Am
And whenever my hope runs away, You save the day
                F          C
You're gonna see me through it
```

[Bridge]

N.C.
Our God is bigger than all our problems

The only one who knows how to solve 'em

So if you're sittin' in the back, rock bottom

Prayers in the air if you got 'em

Our God (Our God) is bigger than all our problems (Our problems)

The only one who knows how to solve 'em (How to solve 'em)

So if you're sittin' in the back, rock bottom

Prayers in the air if you got 'em

[Chorus]
```
                                  C                 Am
'Cause I know You're gonna see me through it
              F         C
If anybody can, You can do it
                                   Am
God, I know in the trial and the pain, fire and the rain
           F            C
You're gonna see me through it
                                 Am
You're gonna see me through it
                F         C
If anybody can, You can do it
                                   Am
And whenever my hope runs away, You save the day
                F           C
You're gonna see me through it
```

[Outro]
```
       Am
Yeah, yeah, yeah
                      F               C
I know You're gonna see me through it
```
