[Verse 1]
     F      C        F      G
In Christ alone my hope is found
G         F          G        C
He is my light, my strength, my song
      F       C          F       G
this cornerstone, this solid ground
G                  F        G          C
firm through the fiercest drought and storm
                      F                  G
What heights of love, what depths of peace
                      F                  G
when fears are stilled, when strivings cease
     F    C        F       G
My comforter, my all in all
   G        F      G        C
here in the love of Christ I stand

[Verse 2]
     F      C        F       G
There in the ground His body lay
G         F          G        C
Light of the world by darkness slain
      F       C          F       G
then, bursting forth in glorious day
G                F        G      C
up from the grave He rose again

            F                 G
And as He stands in victory
```

```

sin's curse has lost its grip on me
 F      C        F       G
for I am Yours and He is mine
G            F      G           C
bought with the precious blood of Christ
