[BRIDGE 1]

```
       D                                    Em
When I sat in that hospital bed, You were worthy
               D/F#                           G
And she could barely lift her head, You were worthy
      D                                     Em
After all those tears were shed, You were worthy
     D/F#
I’ll never stop singing Your praise
                                 G
I’ll never stop singing Your praise
```

[BRIDGE 2]

```
       D                                   Em
In the blessing and in the pain, You are worthy
                 D/F#                        G
Whether you say yes or no or wait, You are worthy
           D                               Em
Through it all I choose to say, You are worthy
     D/F#
I’ll never stop singing Your praise
                                 G
I’ll never stop singing Your praise
```

[BRIDGE 3]

```
       D                                   Em
When I finally see you’re face, I’ll cry worthy
         D/F#                              G
When you wipe these tears away, I’ll cry worthy
      D/A                          Em
Above every other Name, You are worthy
                                 Bm
I’ll never stop singing Your praise
     A                           G
I’ll never stop singing Your praise
                                 Bm
I’ll never stop singing Your praise
     A                           G
I’ll never stop singing Your praise
```

You’re worthy of it all, You’re worthy of it all
                      G                            A
