[Verse 1]
                   Bb
  I'm waiting on a word only You can speak
                   Вb
  I'm waiting on a wind only You can breathe
                      Вb
Sounds like
              healing,
                         freedom,
                                     resting,
                                                revelation
                   Bb
