[Verse 1]

G Bm7  
Summer has already spread in the air  
Am7  
Breeze is already blowing  
Dsus4  
The last cold snap is going out  
G Bm7  
The days were getting longer and longer  
Am7  
But my days were still going on and on and on  
Dsus4  
I got wet in the sun shower  
and looked up at the night sky

G  
It was quite a lonely night  
Bm7  
In the blink of an eye the dark faded out  
Am7  
Blooming under the sunlight  
Dsus4  
Memories with me and you

[Chorus]

G  
All these lights are colored in by you  
Bm7  
All these times are precious due to you  
Am7  
Four seasons have passed with you  
Dsus4  
Four scents were left 'cause of you  
G  
All the reasons why I can laugh out  
Bm7  
All the reasons why I sing this song  
Am7  
Thankful to be by your side now

Dsus4

I'll try to shine brighter than now
